

RESEARCH GRANTS FROM MUMBAI UNIVERSITY

ACADEMIC YEAR 2017-2018

Faculty Name	Grant (Rs.)	Research Projects
Mrs. Varsha Patil	60,000/-	Formulation and evaluation of novel herbal gels
Mr. Vaibhav Kulkarni	40,000/-	Development of Nanoparticulate Injectable Formulation of Antibacterial Agent
Ms. Prachi Pathak	47,000/-	Standardization of Ayurvedic Formulation of Balachaturbhadraka Churna
Mrs. Archana Naik	25,000/-	Standardization of herbal formulations and evaluation of anti-wrinkle activity using D-galactose induced ageing model
TOTAL	1,72,000/-	

ACADEMIC YEAR 2016-2017

Faculty Name	Grant (Rs.)	Research Projects
Dr.(Ms.) Chhaya H. Gadgoli	25,000/-	“Studies On Extraction And Isolation Of Some Important Phyto-constituentents”
Ms. Leena Chavan	25,000/-	“Studies on utility profiles of Carotenoids as cosmeceutical through preparation of novel formulation”
Ms. Rupali Murhe	30,000/-	“Studies on extraction and isolation of phytoconstituents from Ziziphus jujuba and Evaluation of hepatoprotective activity”
Mrs. Sunanda Patil	30,000/-	“Development of Esmolol ophthalmic formulation for the treatment of cataract & its in vitro efficacy and safety studies.”
TOTAL	1,10,000/-	

ACADEMIC YEAR 2015-16

Faculty Name	Grant (Rs.)	Project
Dr. Pradnya Palekar Shanbhag	45,000/-	Studies on Oral Films for Treatment of Bad Breath
Mrs. Anuja Parkhe	35,000/-	Taste Masking of Lacosamide and Formulation Development of Oro-dispersible tablet
Mrs. Monita Gide	35,000/-	Studies on utility profiles of Carotenoids in <i>Delonix regia</i> as cosmeceutical and enhancement of stability through Preparation of phytosomes
Mr. Shivaji Giram	15,000/-	Exploratory studies on anti-HIV activity of <i>Blumea lacera</i>
Dr. Sandhya P.	30,000/-	Phytopharmacology and formulation development of <i>Plumbago zeylanica</i> Linn
TOTAL	1,60,000/-	

ACADEMIC YEAR 2014-15

Sr.No.	Faculty Name	Grant	Project
1	Mrs. Varsha Patil	30,000/-	'Formulation of hair dye utilizing natural colour extracted from roots of <i>Onosma echioides</i>
2	Mr. Vaibhav Kulkarni.	30,000/-	'Development of oral floating dosage form of Antibiotics for infections of <i>H. Pylori</i> .
3	Ms. Neha Pawar	28,000/-	'In vivo chemopreventive and chemotherapeutic studies of <i>Nyctanthes arbor-tristis</i> '.
4	Ms. Sumedha Mulye	28,000/-	Studies on lectins from <i>Vigna radiata</i> and its complex with zinc for antidiabetic activity.
5	Mrs. Aparna Dhamne	28,000/-	"Studies on lectins from <i>Vigna radiata</i> and its complex with cobalt for antidiabetic activity.
6	Mrs. Archana Naik	28,000/-	"Studies on utility profiles of Carotenoid as Cosmeceutical and enhancement of stability through preparation of phytosomes "
TOTAL	1,72,000/-		

Dr. Chhaya Gadgoli and Mrs. Purnima Vivek received research grant from ICMR of Rs. 15 lakhs in the academic year 2014-15 for project entitled "Evaluation of utility profiles of some phytoconstituent metal complex as wound healing agents"
